#### **NOTICE TO BIDDERS**

The bid documents for this project will be issued through the City of Los Angeles (CLA) Regional Alliance Marketplace for Procurement ([www.RAMPLA.org](http://www.RAMPLA.org)). Refer to the section entitled "Bid Documents" in this "Project Description" for information on how to obtain these bid documents.

#### **WORK DESCRIPTION**

The PP 648 Thompson Pumping Plant is located at 346 Culver Blvd, Playa Del Rey, California 90293. The plant serves the City's Wastewater Collection System. This plant is located within a residential and commercial area west of the Pacific Coast Highway (PCH), on the southeast side of Culver Boulevard. The Thompson pumping plant services the West Los Angeles service area and is represented by the Westchester/Playa Del Rey Neighborhood Council.

The scope of work consists of demolition, procurement, replacement, and installation of pumping plant's mechanical, electrical, communication, instrumentation, and control systems as well as landscaping, architectural, civil, and structural improvements as shown in the contract documents. Installation of a new gate maintenance hole and realignment of existing 8-inch sewer, traffic control, and sewer bypass are also part of the project.
