May 20, 2024

Dear Ms. Moina:

SIDEWALK REPAIR PROGRAM PACKAGE NO. 63**W.O. E1909075**

Your written request received May 15, 2024, to substitute **Enhanced Scanning, LLC (Enhanced)**, your OBE subcontractor for ground penetrating radar scanning work on the above referenced project (located in Council Districts 1, 5, 6, 10, 14, and 15), with **Ground Penetrating Radar Systems, LLC dba GPRS, Inc. (GPRS)**, another OBE subcontractor is hereby approved. This approval acknowledges the active status of **GPRS** California State Contractor's License and City of Los Angeles Business Tax Registration Certificate and does not supersede any other section of the Specifications or federal requirements. A certified letter was sent to **Enhanced**, informing them of **PPC Construction, Inc. (PPC)** intention to substitute them on this project and notifying them that they had five (5) business days to submit in writing their objection to the substitution to this office. **Enhanced** did not respond to the certified letter.

The Bureau of Contract Administration has verified that you have complied with the GFE requirements for this substitution.

The bid-listed amount for **Enhanced** portion of ground penetrating radar scanning work was \$7,100.00. However, the amount submitted for approval by **PPC** for **GPRS** portion of work was \$7,350.00, a difference of \$250.00. **PPC** will decrease its prime participation by \$250.00 so that the work performed by **GPRS** will be at no additional cost to the City.

If you have any questions please contact Arturo Gomez at (213) 847-2409.

Sincerely,

MICHAEL R. DAVIS, Commissioner
Board of Public Works
